Mark Twain Lake Motorcycle Safety Training Programs

The U.S. Army Corps of Engineers, the Mark Twain Lake Chamber of Commerce, and the Missouri Motorcycle Safety Program have joined together to provide motorcycle rider training using the most respected programs available - the Motorcycle Safety Foundation's Beginning Riders Course (BRCu) and the Experienced Riders Course (ERC).

These proven programs add two elements to your riding:

1. **SAFETY** - Learn how to avoid and deal with unsafe situations.
2. **FUN** - Learn new skills while building confidence in your riding.

BRCu

The BRCu is designed for two kinds of people - those who have little or no experience, and those who want to improve their skills.

This course is comprised of 5 hours of classroom and 10 hours of riding instruction.

Whether you are in the classroom or riding on the range, certified Rider Coaches will use adult learning styles to insure a fun, dignity filled learning experience.

This course is fully authorized by the Missouri Motorcycle Safety Program. Therefore, successfully completing this course permits you to waive the riding portion of the Missouri State test for motorcycle endorsement on your driver's license. Many insurance companies will recognize your successful completion with premium discounts.

ERC
